

New products joining ACR39 series

ACS has released additions to its ACR39U series. ACR39U-N1 PocketMate II features a USB Type A connector. Meanwhile, ACR39U-UF Smart Card Reader and ACR39U-NF PocketMate II feature USB Type C connectors. All three readers support ISO 7816 Class A, B, and C smart cards (5 V, 3 V, and 1.8 V); microprocessor cards with T=0 and T=1 protocol; various memory cards; and the United States Department of Defense Common Access Card (CAC) and SIPRNET Card.

ACS to Participate in the 19th China Expressway Informatization Seminar and Technical Products Expo

ACS participated in the 19th China Expressway Informatization Seminar and Technical Products Expo on 30-31 March 2017, at Xiamen International Convention and Exhibition Center, where ACS showcased products from its mobile card reader line and gave ETC-related live demonstrations. This event is in line with ACS's aim to develop more sophisticated ETC applications for different sectors such as smart parking, congestion charges, and so forth.

ACS Shortlisted for Seamless Middle East Awards 2017 (Ministry of Human Resources and Emiratization Project)

ACS was declared a finalist in the Seamless Government Experience category of the 2017 Seamless Middle East Awards. This initiative recognizes projects and organizations that have pushed for better user experiences using smart card-based technologies. ACS's ACR89 Smart Card Reader with PIN-pad has been recognized for its use in the United Arab Emirates to completely transform labor-related processes, making them entirely paperless and online.
