2016

ACS Declared a Smart Card Alliance Center of Excellence for the Second Time

ACS was declared a Center of Excellence (COE) for the second year by the Smart Card Alliance (SCA, renamed to Secure Technology Alliance or STA as of 2017) for outstanding investment in terms of time, talent and resources towards SCA activities in 2016. ACS was first declared a COE in 2015. Its involvement in SCA is in line with its objective to contribute to the growth of the smart card industry. Moving forward, ACS plans to remain committed to the expanded goals of what is now the STA.

ACS Launches ACOSJ-P for Banking and Payment

ACS launched ACOSJ-P, a Java-powered, cryptographic smart card solution compliant with the GlobalPlatform Basic Financial Configuration. It comes preloaded with a PBOC 3.0-certified applet, guaranteeing that it supports international cryptographic algorithms and complies with the UnionPay standard. It is also QPBOC-compliant, guaranteeing faster contactless transactions. ACOSJ-P is suitable for debit or credit applications, low-value electronic cash (EC) transfer, and dual-currency EC applications, among others.

ACS an Exhibitor in Seamless Middle East

ACS participated in Seamless Middle East 2017 on 1 to 2 May 2017, in the Dubai International Convention and Exhibition Center in the United Arab Emirates. ACS was in Booth C14, Za'abeel Hall 4. ACS showed its all-in-one smart payment terminals, ACR890 and ACR900. This year, ACS also featured mobile offerings incorporating Bluetooth® Smart technology and USB Type C connectors, like ACR39U-UF Smart Card Reader, a palm-sized contact card reader with a USB Type C connector; ACR1255U-J1 Secure Bluetooth® Reader, a Bluetooth low energy (BLE) NFC reader; and ACR3901U-S1 Secure Bluetooth Contact Card Reader, a BLE contact card reader. Last but not least, ACS featured APG8201 PINhandy, a USB smart card reader with PIN-pad.
